Ref 90843

Emergency Rescue Kit in 'Premier' box

If your staff are split over more than one floor, you must have at least one kit per floor. First aid kits should be positioned where people see them every day, so that in the event of an emergency, people will remember where to find them.

For use in your office, factory or sports facilities

Burncare Mini Kit Ref 8099

Premier Burncare kit - Case 1-10 person Ref 8231  
Premier Burncare kit - Case 1-20 person Ref 8232

# Burnshield provides fast effective treatment for burns, scalds and sunburn.

A one-step (remove from pack, and apply) burn treatment to reduce trauma and help prevent infection.

## Burns must be treated immediately!

A unique versatile foam dressing that's quick to apply - providing essential immediate treatment, relief and protection.

Remember, a burn keeps on burning until it's cooled.

Burnshield starts cooling the burn instantly. If a burn is left untreated it can lead to long term skin damage.

The Emergency Services have used Burnshield for over 20 years, giving you peace of mind that Burnshield really is the perfect product to treat skin burns effectively.

Suitable to treat 1st, 2nd or 3rd degree burns.

## Burnshield

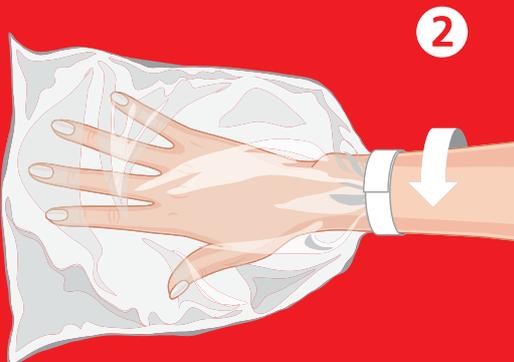

## Steroburn Burn Bag

A Steroburn Burn Bag is a highly effective way to protect a hand or foot from infection prior to treatment.

The Burn bag provides a sterile environment for a burnt hand or foot. It comes with its own adhesive cuff which seals around the wrist or ankle.

The cuff is simple to use and can be applied by the casualty themselves.
